

SOLO SERIES III NETVIEW

NET MOUNTED 1080P HD FOOTAGE AND SCENE ILLUMINATION FOR THE FISHERIES INDUSTRY

The SOLO III NETVIEW all-in-one HD camera and high-power LED lights are specifically designed for the fisheries industry. Both the Camera and lights are packaged in a single anodized aluminum housing behind a sapphire viewport in a side looking configuration. The base provides 180° of articulation and flexibility when mounting to a net. The internal rechargeable Li-ion battery can power the unit for up to 12 hours on a single charge. The camera and lights are activated on deck prior to deployment and record continuously before being deactivated manually. Video download, configuration, activation/deactivation and battery charging are achieved through a single subsea connector eliminating the need to open the housing during routine use.

▶ LED Light,
HD Camera,
180° Net Mounted View.

Simple, powerful and flexible sub sea vision specifically tailored for the needs of today's fisheries industry.

FEATURES

- Record 1080p HD footage
- Independently controlled LED's allowing for multi wavelength configurations as well as dimming and strobing
- Rechargeable Li-ion battery
- 12+ hour endurance
- Trawl net mount with 180° articulation

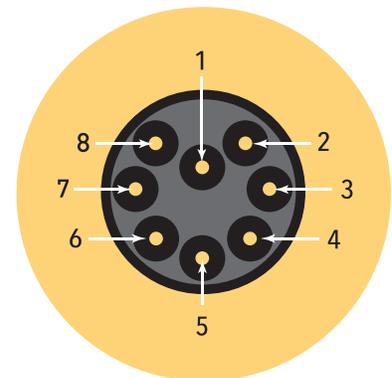

Specifications

SOLO SERIES III NETVIEW

Depth Rating	Aluminum: 1000m
Viewport	Sapphire Glass
Dimensions	11.5" wide x 18" long x 5.25" tall
Weight	In air 18.8 lbs; in water 9.5 lbs
Camera	1080p @ 30FPS or 720p @ 30-60FPS Adj. white balance & exposure 120° FOV in air 128GB solid state memory Optional time stamp & loop recording
Electrical	14.4VDC 192Wh nominal 3A charge current
Connector	SUBCONN MCBH 8M

CONNECTOR DETAIL

- Pin 1 – GND Pin 2 – M1
- Pin 3 – VBAT Pin 4 – M2
- Pin 5 – D+ Pin 6 – D-
- Pin 7 – VIN Pin 8 – 5V
